PROFESSIONAL SUMMARY

Driven B.Tech CSE (AI/ML) student with a strong academic foundation (9.14 SGPA) and hands-on experience building Python applications and web projects. Skilled in Python, JavaScript, and PostgreSQL, with a focus on creating practical software solutions. Currently expanding expertise in React, DSA, and Machine Learning.

PROJECTS

Movie Explorer | React Streaming Platform

- Developed a responsive movie streaming-style web application independently using ReactJS.
- Integrated external APIs to fetch and display dynamic movie/content data.
- Built reusable React components for scalable and maintainable frontend architecture.
- Implemented responsive UI design for seamless experience across desktop and mobile devices.
- Optimized frontend performance and improved user interaction with smooth navigation.

Krishna Soda Junction Website

- Developed a responsive business website for Krishna Soda Junction using HTML, CSS, JavaScript, and Firebase.
- Designed an attractive and user-friendly interface to showcase products and business information.
- Integrated Firebase database for storing and managing dynamic website data.
- Implemented responsive design to ensure compatibility across multiple devices.
- Improved customer engagement through clean UI and accessible business presentation.

Medicine Tracker & Stock Manager

- Developed a console-based medicine inventory management system using Python.
- Implemented functionalities for adding, updating, deleting, and searching medicine stock records.
- Designed stock tracking features to monitor medicine availability and inventory efficiently.
- Structured data management logic for organized record handling and smooth console interaction.
- Focused on improving inventory management accuracy and reducing manual tracking effort.

TECHNICAL SKILLS

Programming Languages: C, Python, JavaScript

Web Development: HTML, CSS, ReactJS

Data Analytics: Excel, Power BI

Tools & Platforms: Git, GitHub, VS Code, Cursor, Google Colab

ACHIEVEMENTS & CERTIFICATION

- MHT-CET 2025 – Qualified
- JEE 2025 – Qualified
- GUJCET – Qualified
- BackForge 2026 - certification of complition in python flask

EXTRA CURRICULAR ACTIVITIES

- Actively practicing Data Structures & Algorithms to strengthen problem-solving skills.
- Participated in collaborative coding and frontend development projects using ReactJS.
- Regularly contribute and maintain personal projects on GitHub.
- Exploring AI/ML concepts and modern web technologies through self-learning and online platforms.

EDUCATION

D Y PATIL UNIVERSITY, PUNE, (AMBI)

[Present]

Bachelor's of Technology in Artificial Intelligence and Machine Learning

Deep Darshan Vidhya Sankul

[2025]

12th in Physics, Chemistry, Maths

Bhakti International School

[2023]

10th
